

Build A Better Community?

Here's How!

Four times during this winter, which seems to be one of Grayling's toughest economically and otherwise, I have been privileged to work with groups of our citizens, business and professional men, wage-earners and housewives, on community projects that all standards of evaluation are successful.

Four times, it has been my pleasure to see first hand what can be done by people who have the will — will strong enough to overcome the lack of material things.

Early this winter, as a member of St. Mary's Church Committee, it was elating to see the culmination of several years of hard work on the part of many people when the Midnight Mass opened a new church and school on Christmas Eve.

Later, working with a smaller group, it was gratifying to see a group of winter sports open and successfully, especially with the assurance of the new warming building being built this summer for the park and for our community.

Also during the winter, with a group and heart-felt interest, I worked with the committee and many of the workers who made the March of Dimes the most successful ever in Crawford County in the raising of nearly \$2,000 for Grayling and Crawford County's children, stretched, badly and hard earned dimes.

Finally, as chairman of the MS Glee Club concert program last Wednesday evening, sponsored jointly by the Women's Club, Kiwanis Club and MSC Alumni of Grayling, for a community building, it was most gratifying to see some 300 persons came out to a blizzard to hear Dr. David M. Letchfield and the singers provide excellent concert. Nearly half the families in town were participating in some way or another, making this project a success.

40 Kiwanians sold tickets. The Women's Club were hosts at dinner for the Glee Club before the concert; many homes were opened to the boys for the evening and a night's rest plus a breakfast before they left on their way; the school capably assisted selling tickets and making arrangements for the concert itself; the merchants displayed posters.

1931 Deer Kill Down

A probable record number of resident deer hunters got fewer whitetails in last fall's general firearm season in the northern lower and upper peninsulas.

Conservation department tabulation of hunters' report cards shows over 369,000 hunters harvested over 104,000 bucks as compared to nearly 387,000 hunters who got over 114,500 deer in 1930.

Final tally, including the southern third of the state, bow and arrow and special seasons, will be available later. Department recently reported final license returns were expected to exceed the 1929 record final of 378,375 hunters.

About 38 percent of those hunting above the Straits were successful, a drop from 1930's estimated 42.5 percent. Nearly 22 percent of the northern lower peninsula hunters brought home deer, a decline from about 28 percent the prior season.

Outnumbering northern lower peninsula hunters, over 174,000 as contrasted to nearly 94,000 above the Straits, of course bagged most deer, over 68,000 compared to over 36,000 in the upper peninsula.

Percentage of successful Michigan resident hunters was best in Menominee county, for the first time, over 49 percent; most deer were shot in Roscommon county, 5,280, followed closely by Lake with 5,040; and the largest hunting army again was in Roscommon county, 22,500.

Other leading counties in deer taken, Montcalm, 4,400; Ogemaw, 3,690; Crawford, 3,680; Ontonagon, 3,650; Oceoda, 3,580; Alcona, 3,560; Isosco, 3,540; and Marquette, 3,440.

While success ratio went down in most counties in the two northern regions, a surprising nine counties registered increases from a fraction to over 10 percent better than in 1930. Over 10 percent more than in 1930, or some 40 percent of the hunters scored last fall in Keweenaw county; six percent more, or over 24 percent in Oceoda; four percent more, or over 23 percent in Charlevoix.

Circuit Court Opens Tuesday

The April term of Circuit Court will open Tuesday noon at the Crawford County Court House with Circuit Judge John C. Shaffer presiding.

The calendar is not a large one offering only one civil case and eight chancery cases. The civil case is a writ of attachment with the McEvers Motor Sales as plaintiff and Benton Jorgensen as defendant. The main chancery case is the petition of Auditor General John H. Martin Jr. for a sale of tax delinquent lands of 1930 or earlier. Five of the chancery actions are divorce suits with the two others being foreclosures of contracts.

Former Resident Succumbs

Rites were read on Monday, March 31st, at the Darwin Groves Funeral Home in Flint for George A. Miller, age 78, former Grayling resident. Interment was in Sunset Hills Cemetery, Flint.

Mr. Miller was born in New York State, April 18, 1873. He moved from that state to the Upper Peninsula where he married Clara O'Neill in Van's Harbor. They came to Grayling to live about 1904 and moved to Grayling about 1913. Here they owned what is now the Forbes Motel on US-27.

Mrs. Miller was a charter member of the Grayling Moose Lodge. He was employed by the Hanson Lumber and Lumber Company for many years. He and Mrs. Miller were some of the first in Grayling to furnish lodging for tourists.

About five years ago they left Grayling to make their home with their daughter, Mrs. Beulah King and family in Prudenville. Mr. Miller passed away in that place on March 28. He had been in failing health for quite some time.

Mrs. Miller survives her husband as do three daughters, Grace Karnes of Flint, Gladys Cody of Detroit, Beulah King of Prudenville and George L. Miller of Flint.

Lovells Chapel Receives Memorial Gift

The gift of a lovely electric church organ has been made to the Lovells Chapel as a memorial to the late Mr. and Mrs. Albert Pochelon. Their home was in Detroit but they had a lovely summer home on the North Branch of the AuSable, where they had for years spent the entire summer season.

The spot was very dear to the entire family. They often said that they lived in Lovells and existed in Detroit. This home was known as "The Fighting Deers," named after their children.

Their first home on the river was built a number of years past and just last year Mrs. Pochelon had completed a lovely new cabin on the bank of the North Branch. The new cabin was a few years ago and Mrs. Pochelon a number of weeks ago.

The entire family has been well thought of in the Lovells community as they have done many deeds of kindness and especially helped in any way they could to make the chapel possible.

Those contributing to the memorial were members of the Pochelon family, members of the Braunstetter family of Detroit and Port Huron, Mrs. Mae Brennan of Beverly Hills, Calif., Mr. and Mrs. Charles N. Miller of Kenosha, Wisconsin, Dr. Mason and George E. O'Brien both of Saginaw, Mrs. R. Armstrong of Grosse Pointe and Miss Elizabeth Bertermann of Indianapolis, Ind.

Red Cross Aids Tornado Victims

Grayling has been asked by the National Foundation of Red Cross to contribute \$50.00 for the disaster fund for the recent tornado victims at usual Red Cross in the job helping out those in need as a result of this recent disaster.

Among those needing help are Brenda Kay Law, three years old, and her little six-months-old brother, Tommy, whose mother and father were crushed to death when the tornado ripped through Judsonia. Tommy was hurt too, but he will be out of the hospital this week yet and will go to stay with his maternal grandmother until he is completely well. His sister will have to stay with the other grandmother.

But what will happen to the children in the months and years to come? "We would like to keep them together," the grandparents told the Red Cross, "but to do so we may need your help."

This is a typical case in flattened Judsonia, Ark., and to help such people with their problems was the reason the Red Cross was founded.

The Robert LaMotte family spent Saturday in Saginaw. They were accompanied there by Mrs. Middle LaMotte who remained to spend a week or so with her daughter, Mr. and Mrs. Lawrence Gale.

Mr. and Mrs. George Granger and family of Big Rapids and Mr. and Mrs. Stanley Stephan and children of Cadillac were week end guests at the Ernie Borchers home.

Grass Roots Opinion

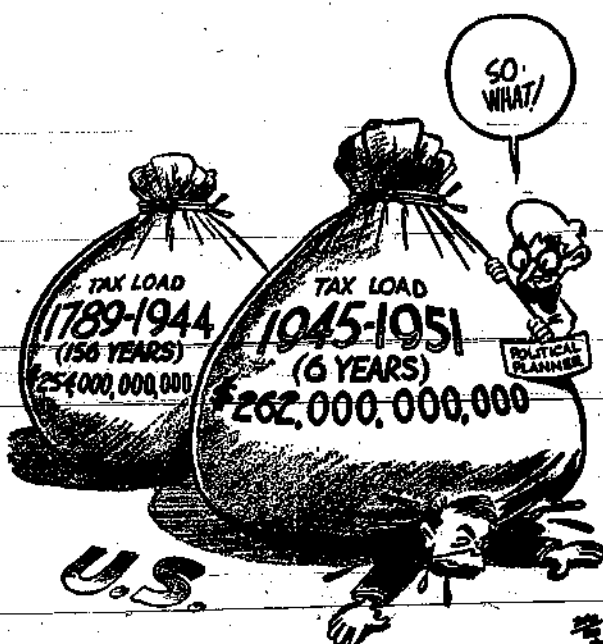

Narrowsburg, N. Y., News-Times: "In the present situation small business not only faces the necessity of readjusting to different conditions, but is unable to do so because of the arbitrary and often futile rules and orders issued by the government. The small business man's own judgment is of no avail because the operation of his business has been taken out of his hands by a paternalistic government."

Titusville, Fla., Star-Advocate: "Behind the notion that inflation and prosperity go hand-in-hand is the superstition that money is wealth. There was a time, of course, when money was wealth, because things that had value in themselves—gold, silver, cattle, wheat—were used as money. And for more than a century paper money could be exchanged, on demand, for precious metal. Today it is a criminal offense for an American citizen to possess gold money. But this ancient faith in money as wealth has been transferred to our paper currency which is not today redeemable in gold."

Altoona, Pa., Mirror: "We wonder what George Washington would have to say about some of the actions that take place these days in the city that bears his name? Washington was dedicated to the service of the country he helped to establish and to the welfare of his fellow Americans. He was not concerned with entrenching himself in office."

Bishopville, S. C., Messenger: "'On the Brink of Socialism' is an editorial feature which appeared in last week's issue of Collier's Magazine. In the large picture at the top of the page is shown a view of Niagara Falls. Just at the brink of the falls and pulling on the oars with all his might is a man who evidently represents the general public on 'Private Enterprise.'"

A Christian Anniversary Day

We have Memorial Day, Independence Day, Armistice Day and Abraham Lincoln. To the American they are sacred and hallowed anniversaries because of the events and the persons they honor in the history of our country. Every citizen of this great country, regardless of race, creed or color can make a personal thing out of each of the great American holidays.

Of far greater importance to every Christian, regardless of race, creed or color is another Anniversary Day—Good Friday, the Anniversary of the death by crucifixion of the leader of Christians, Jesus Christ. His death wrought the Redemption of each and every man and the day on which it was accomplished is indeed a sacred and holy day. The discontinuance of all business during the hours from twelve noon until three, commemorating the three hours agony of the dying Savior of the world, has always been a fitting observance of the day.

The business men of the community have, in the past, been asked to close their places of business on Good Friday from twelve until three o'clock. Man, as an individual, has been created by God. Society, composed of men, has been created by God. Man, the Society and the Community, part of a Christian Nation, must worship God. On Good Friday, April 11th, the Anniversary of the Redemption of the World, may we demonstrate in a practical manner our Christianity, by closing the business places of the Community from twelve until three o'clock. May all spend those hours in union with Christ on His Cross, personally applying the effects of the Death of Christ to each to his own life.

Your are cordially invited to take part.

Letters To The Editor

Mr. Robert Strong,
Crawford County Avalanche,
Grayling, Michigan.

Dear Bob:

Would you be startled if the City of Grayling received a bill as per the following:

Full page, 4 color advertisement in April issue of National Geographic \$7.20

Two-page, 4 color advertisement in April issue of Sports Illustrated \$8.50

Total \$15.70
—Yet this is substantially what Grayling has received free. The association isn't claiming too much credit for these. The only part we played in it was to make suggestions to these publications including the Ausable River. They used their own editorial judgment and apparently they accepted the idea.

You can't beat this, can you Bob?

Cordially yours,
Frank Davis,
Secretary-Manager.

boosted the interest, sold tickets and publicized the event; and everyone that attended the program showed their enthusiasm by the splendid reception given the entertainers. Dr. Machet, complimented Grayling highly on being an appreciative audience and remarked that after the reception given the first number, the boys were ready to sing all night. We are very fortunate to have had this group appear here and the successful co-operation that put the entertainment on assures us that we can enjoy this and other things whenever we decide to work together.

I would like especially to thank the Crawford Avalanche for the space so generously given for the advertising of the concert. Floyd Davis for his publicity efforts; Dawson's for the sale of tickets; Mr. Bond for his assistance with the school; the Grayling Lumber Supply Co. for platform material; Lee Marshall and Bill La-Grow for carpenter work; Jack Alef, Larry Galehouse and Les Hunter, the ticket committee; Fred C. From where I sit... by Joe Marsh

Might As Well "Get In Key"

Last Tuesday Judge Cunningham wanted to go fishing. "Why aren't you working?" I asked.

Judge explained how his wife had gone on a trip, taken his keys by mistake—and now he couldn't get in the office. So we went fishing.

Next day, he wanted me to go again. I was surprised those keys hadn't shown up yet. "The little woman phoned to say she mailed them," the Judge explained. "They're now in the office, under the mail slot. I'd get 'em if I could just open that door." He grinned and picked up his fishing rod.

"Great little woman, the wife. You can always count on her. Let's go!"

From where I sit, we can use tolerance like the Judge shows for his wife's absent-mindedness... and she shows for his habit of lighting out for the fishing hole at every opportunity. He can't see why she likes tea, and she doesn't share his taste for a glass of beer. But they get along fine! Learning to respect other people's ways will "open the door" to happier living.
